

THE KINSEY SYNDROME: WILL YOUR CHILD BE THE NEXT VICTIM?

The Kinsey Syndrome is one of the most important DVDs ever produced. I have long been a reader of [Dr. Judith Reisman](#), who has dedicated her life to exposing the real danger and consequences of the 'sexual revolution' and pornography. She is a remarkable woman who backs up everything she says and writes with hard documentation. Those who claim that pornography is a victimless crime protected by the First Amendment either do not have the facts or they simply do not care about the harm it has done to our society -- especially to America's children. Too many confuse 'libertarian' with licentiousness. The result is the complete cultural and moral breakdown of our society.

[The Kinsey Syndrome](#) is a fully documented DVD. It is a horror story beyond what most people can ever imagine. Alfred Kinsey was a monster, glorified by Hollywood back in 2004, in a movie titled, Kinsey. This one sexual deviant has had more impact on this country towards destroying the moral fabric of this nation and promoting porn as "sex ed" in the public indoctrination centers (public schools) than any person in our history. That is not an exaggeration. Kinsey preached that child molestation wasn't really molestation, that little children enjoy it! I read [Kinsey: Crimes and Consequences](#) years ago. It shocked me to

the very depths of my soul.

Look where our society has gone in such a short period of time. Sexual predators are protected and coddled by the system. Why? Do you know that U.S. Supreme Court Justices William O. Douglas and Arthur Goldberg wrote columns for the filthy "mens" magazine, Playboy? What connection does that have relating to pedophiles? Watch this DVD. Do you know insidious tax exempt foundations like the Rockefeller and Ford Foundations funded the "sexual revolution" filth and getting laws changed to protect sexual perverts and predators?

Look at the impact Playboy has had on vulnerable young women. Three young women in their early 20s shackled up with Hugh Hefner for years; a man in his 80s. How utterly repulsive, yet they are treated like royalty. As if they had done something good for our country. They have now gone their own way; a couple still peddle their body parts for money. Those females have been replaced by twin girls, age 19, who now share a bed with a man old enough to be their great grandfather. (Would you want your 19 year old daughter naked and in bed with an 83 year old man?) How have young girls come to believe such behavior is acceptable? Because of the "sexual revolution." Contrary to propaganda, the sexual revolution did not liberate women, it only turned them into racks of meat.

We have generations of young women who place all their value on the size of their breasts. They go nearly naked on the streets, on the beach and fully naked in "mens" magazines that do nothing but exploit them. Want to make it "big" in Hollywood? Go naked in trashy magazines like Maxim or Playboy. They admire Jennifer Anniston for going naked in another "men's" publication, GQ.

College girls now work in strip clubs to pay tuition. They sit on men's laps with nothing but a patch covering their pubic area and a string up their backside. They think nothing of selling themselves because it's acceptable and "the money is good." Teenagers are walking STD (sexually transmitted disease) factories. Young women think nothing of pulling up their shirts exposing their breasts (usually drunk) or showing off their shaved private parts for pimps that produce videos like 'Girls Gone Wild.' Fathers with daughters think nothing of buying them to get aroused.

Generations of young women who are all used up by

history.

the time they're 25

I get a healthy amount of email from men who lament they can't find a woman with any modesty anymore. Yes, men do complain about how women dress for sex in the office. How aggressive women are and how it turns them off. Men write that women no longer have any virtue and that they don't want to date the block party's leftovers. So many of them would like to meet a "real lady." A woman who hasn't displayed her wares for the whole world to see and hasn't become infertile because of contracting social diseases or from abortions.

Millions of mothers in this country condone their daughters walking around at the age of 13 dressed like hookers because they were part of the sexual revolution. Yesterday at PetsMart I was walking behind a mother and her daughter. This girl couldn't have been over 14, but the denim miniskirt she was wearing barely covered the bottom of her rear end. I thought: What is her mother thinking? Do these women ever turn on the news and see the almost weekly snatching of young girls in broad daylight; their raped and murdered bodies found a week later in some ditch or never found at all? Allowing a young girl to wear such promiscuous clothing is like a magnet to the sexual predators roaming the streets of our cities and towns. When my daughter was that age there was no way she was allowed to walk around looking like a working girl.

Look at the R-rated filth that came out over the weekend, Bruno. Industry monitors predict it will have a \$35 million or higher first weekend; as I write this column on Sunday, the take is \$30,426,000 so far. This movie is being cheered on movie web sites as clever, funny, hilarious! But, [what is it you will see?](#) "...extremely graphic scenes of heterosexual and homosexual sex acts, explicit scenes and extended close-ups of full male and full female nudity, an extended scene of a totally nude heterosexual woman repeatedly whipping a homosexual man in his bikini briefs, partial nude scenes (including full rear male nudity) where body parts are partially covered up with black bars placed in strategic places, obscenely graphic verbal descriptions of perverse sex acts in dialogue and conversations with real people, and images of a male black baby from Africa in a hot tub with white adults who are clearly interested in doing some kind of sex acts with one another."

This is what now passes for "entertainment." Look at the dollars poured into such filth. Look at the message delivered to those who sit in the audience. It all started with the "sexual

revolution" and Alfred Kinsey was the lightening rod.

[The Kinsey Syndrome](#) shows you with full documentation how our laws were changed to protect sexual predators. This professionally produced DVD will show you who is responsible in aiding the destructive influence of Alfred Kinsey. Porn is everywhere in our society, including "news" web sites like FOX. [Go look at their home page](#) any day of the week: Stars that went nude! with the usual photo array. Super orgasm! Swimsuits for summer. Nothing more than soft porn with the vagina and breasts barely covered. Hot Hard bodies! That is the menu on Foxnews.com every day of the week. Should we be surprised? Hardly. Rupert Murdoch, who owns FOX, has made tens of millions of dollars peddling porn. His foreign newspapers are little more than boob rags.

Alfred Kinsey simply picked up the goals of the communists pushing for world domination and sold his perversions the same way; [see Communist Goals](#):

Eliminate all laws governing obscenity by calling them "censorship" and a violation of free speech and free press
Break down cultural standards of morality by promoting pornography and obscenity in books, magazines, motion pictures, radio, and TV Present homosexuality, degeneracy and promiscuity as "normal, natural, healthy"

As Alfred Kinsey was a sodomite, it is not surprising he was so instrumental in advancing the sexual deviant movement.

We hear so much about the 'cultural war.' How do we stop the continued push towards turning America into a moral sewer? The same way you fight anything else: [You do not put money into the pockets of those peddling the filth](#). Parents must take the lead in getting porn (sex ed) out of public schools. Gasp! What? Watch this DVD and you will get the ugly truth about what is being drummed into YOUR child's brain. I have been shocked by what teachers tell me they are ashamed and embarrassed to have to present to a classroom of sixth graders. Parents must take the lead and state legislators must be right there with them to stop it.

Kinsey's goal was to change the moral code of this nation to match his own beliefs. His depravity knew no bounds: masturbating 5 & 11 month old babies to see how long it takes to reach orgasm. Yes, Kinsey did conduct those experiments and the facts (including time tables) were found in his research.

Kinsey was aided and abetted, shamefully, by men in high places and on the court. **I hope members of state legislatures will get a copy and share it with their colleagues.** Dr. Reisman called what is going on as genocide against America's children:

"Perhaps most disturbing, Alfred Kinsey has been accused of training pedophiles to work with stopwatches and record the responses of children being raped - all in the name of "science." Among his workers was a Nazi pedophile whose relationship to Kinsey was exposed in a German court. The information from these crimes was then recorded in "Table 34" of Kinsey's Sexual Behavior in the Human Male. How can lawmakers use such a document to define the moral parameters of our society?"

The Kinsey Institute is at the University of Indiana. Their filth is being funded by the fruits of your labor courtesy of the outlaws in Washington, DC (Congress):

"The federal government is [spending \\$423,500 to find out why men don't like to wear condoms](#), a project government watchdogs say is a nearly-half-a-million-dollar waste of taxpayer money. Researchers at Indiana University's Kinsey Institute, with funding from the National Institutes of Health, are investigating why "young, heterosexual adult men" have problems using condoms. The study will include "skill-based intervention" to teach grown men how to use protection.

"The project aims to understand the relationship between condom application and loss of erections and decreased sensation, including the role of condom skills and performance anxiety, and to find new ways to improve condom use among those who experience such problems."

The fruits of your labor illegally stolen by Congress. Borrowed money (the treasury is overdrawn \$11.5 trillion dollars) you could use to provide medical or dental care for your child - or even a trip to the zoo - is being stolen to fund teaching grown men how to use a condom ("skill-based intervention"). How

obscene. More worthless government funded jobs that produce nothing except more reports. How about the working people in the State of Indiana? [Should state funding of the Kinsey Institute's sexual research end?](#)

***Never Miss
Another BIG
Story***

I urge you to get this DVD. (For full disclosure I receive no compensation for recommending it.) Watch it and share it with your family, friends and most importantly pastors, reverends and ministers across this country. What is more precious than our children? Today's children are tomorrow's society. Take a good look around you. Marriages ruined by men who become addicted to porn. Children scared for life by sexual predators and rapists. Young girls and boys sexually promiscuous by age 12. Abortions and AIDS. Alfred Kinsey was the genesis of the most destructive social indoctrination movement ever to hit our country. State legislatures must be the ones to change the laws, but that will not happen until the parents of this country get the facts and then get in their face.
